

# THE CLAWS ARE OUT... AGAIN

**THE WOLVERINE IS BACK IN HIS TOUGHEST MOVIE YET! AND THE ACTION JUST GOT EVEN BIGGER ON BLU-RAY. K! RADIO'S ALEX BAKER CELEBRATED BY GOING TO JAPAN TO, UN, BECOME WOLVERINE...**

**N**agasaki, 1945. The U.S. Air Force drops an atomic bomb to bring an end to World War II. One man, Logan – him with the muscles and the claws – saves a Japanese officer, Yashida, from the blast. Fast-forward to 2013, and the man Logan saved is dying, and wants to repay the debt. He offers to rid Logan of his cursed immortality, which Logan refuses. The following day, Yashida dies, and so begins a manhunt for Logan through the Japanese underworld. How will he survive?

To celebrate the release of *The Wolverine* on Blu-ray 3D, Blu-ray, Japanese underworld. How will he survive? To celebrate the release of *The Wolverine* on Blu-ray 3D, Blu-ray, DVD and Digital HD, we sent Kerrang! Radio's Alex Baker to Japan to see if he could become as hard as the man himself. In Tokyo, he rode the bullet train, took martial arts classes, and met up with the stars of the film. Who presumably all agreed that there's no way Wolverine could take Baker in a scrap. We think. Anyway, let's allow Alex to tell you what he got up to, in his diary of his ultimate quest to become the legend...

"When I was recreating a fight scene from the film, I learned three things: 1) Swords are sharp; 2) I look sick in a kimono; 3) I'm not a real man. Unfortunately, the real Wolverine (below) is a much better fighter."

"Welcome to my Tokyo adventure, and my quest to get as hard as *The Wolverine*. Wish me luck..."

"The Zojiji Temple, where the funeral scene from *The Wolverine* (above) takes place. Can you spot the 40 ninjas in this picture?"

"I spent most of my time in Japan surrounded by people infinitely healthier and more attractive than myself. Including Rila Fukushima (Yukio) and Tao Okamoto (Mariko) from *The Wolverine*."

"A view of the Zojiji Temple from the Tokyo Tower, where I would become a real samurai. Well, *sumo-rai* would be more appropriate, really..."

## K! PROMOTION

### Win! WIN A WOLVERINE EXPERIENCE

**SCOOP \$2,500 TOWARD YOUR OWN AMAZING JAPANESE ODYSSEY!**

Like us, you've probably become sick with envy while reading about Alex Baker's *Wolverine* trip to Japan (he hasn't shut up about it since he got back). Well, here's your chance to have your very own adventure in the Far East. We're offering a grand prize of \$2,500 towards a trip to Japan, so you can ride the bullet train, eat sushi, and hopefully not have to deal with trouble using your adamantium claws. Interested? Of course you are. To enter, just head on over to [kerrangradio.co.uk/win](http://kerrangradio.co.uk/win) and answer the ridiculously easy question!

### A LEGEND HITS YOUR SCREEN

Do you want to see all the action of *The Wolverine* ripping it up and confronting his cruelest enemies yet? Do you want to experience the thrills of his life-or-death chase through Japan? Of course you do! And, as this is the grittiest, darkest and most intense *Wolverine* chapter yet – where Logan peers deep into his soul and ends up having to fight the demons within as well as the ones chasing after him – you'll want to get your teeth as into it as soon as you can.

Well, it's your lucky day, because you can buy the three-disc, Blu-ray 3D Unleashed Extended Edition of *The Wolverine* – a total must-have – right now! This special version features all the hard-hitting excitement of the movie, plus an extra tonne of unseen footage, AND an alternative ending! Alternatively, you can pick up the Blu-ray, DVD or Digital HD. Look, you're getting pumped just thinking about it... So get ready – *Wolverine's* claws just got even sharper, and now they're available in high definition, too! Imagine a picture sharper than adamantium claws, which will give you the ultimate, most ass-kicking experience. It's almost as good as getting beaten up by *The Wolverine* in real life (and certainly a lot more fun).

**OUT NOW!**
